The policy design guarantees coverage to active members that  
apply for the benefit at the first time they are eligible. Members  
who decline this *one time option* and want coverage at a later  
time must wait until the next enrollment period which is  
normally the month of September. A completed health  
questionnaire will then be required and the member will either  
be accepted or declined for coverage by *The Hartford*.

The death benefit for all members is fifty per cent of the normal  
amount during their first year of coverage. Benefit levels *and*  
premiums reduce to 50 % at age 65 and then to 10% at age 70.  
This policy design was arrived at in order to provide the  
availability of guaranteed coverage for all active members at  
competitive premiums without regard to health status.
